

# Autumn EYFS Knowledge Organiser

## Our theme this term is 'Who and When'

We will work on our physical development to ensure our muscles are ready to help us to write!

We will focus on developing the children's language, looking at repeated refrains, familiar story retells and introducing story language.

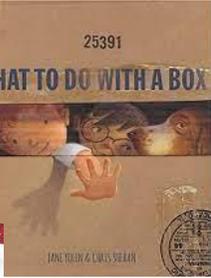

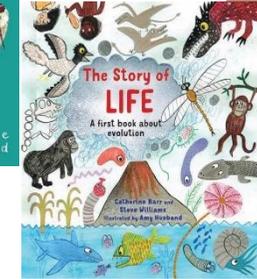

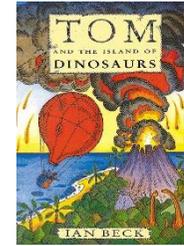

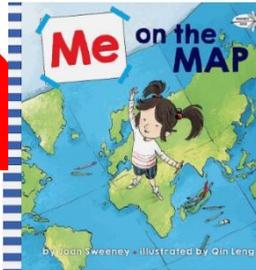

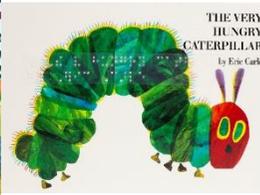

We will be focusing primarily on the PRIME areas of development. We will support the children to develop their communication and language skills, beginning with listening and supported by Makaton signing.

Our daily phonics lessons will begin. Our lessons will focus on oral blending and teaching letter sound recognition. We will learn our first phonemes (sounds). Check the class pages on the school website for the sounds and how we pronounce them!

We will be creating maps of our local environment and will study how the world has changed and is still changing.

### Autumn

Core values: Legacy, respect, courage, honesty  
Golden Rules: Do listen. Do be kind and helpful. Do work hard

We will use these texts to support our learning...

### Key words:

Seasons    Spring    Summer    Autumn    Winter  
I    me    you    he    she    we  
change    Colchester

We will be spending time getting to know each other, discussing our daily routines, getting to know the environment using positional and size language. We are going to be experts in the numbers 1, 2 and 3, including looking at shape, space, measure, money, more, less and number formation.
